

## INGWELALA SHARE BLOCK (PTY) LTD

PROPOSED PERSON FOR ELECTION TO THE BOARD OF DIRECTORS: Mr. Darrell Caister

Name: Darrell Caister  
Age: 50  
Bungalow: #46  
Hometown: Bryanston  
Occupation: Managing Director

Hello fellow Ingwelala members, we are a new family to Ingwelala, Sabine and I with our six children; but I have been visiting Ingwelala with my good friends, Gordon and Helen Tonetti from Bungalow 68, for many many years. My love for the bush and nature was entrenched in me by my late father who twice travelled from South Africa to Egypt in 1957 and 1959; he took our family on many a long and rustic camping trips into the most remote and wild parts of Southern Africa and also to the Lowveld and the Kruger National Park. While at university I spend many months in the Timbavati; from six in the morning on Mondays we would build the camp until midday on Thursdays and then have a long weekend where I would walk the farm each and every day absorbing as much knowledge and experience as possible. I have always wanted to return to the area and hence our decision to buy into Ingwelala.

As a family we have been blessed to own lodges in both Black Rhino Game Reserve and Mjejane. With all their beauty and luxury our other lodges cannot compare to the bush experience and community offered at Ingwelala and we simply love the experience and privilege of being part of Ingwelala.

I have been asked to give of my time and serve as a member of our board and am happy to put my name forward.

A little of my history; after matriculating at St. David's Marist Brothers College I studied law at the University of Natal, Howard College. Whilst at university I started my own import company and have been an entrepreneur ever since. The longest spell in my working life was an owner and COO of Wade Walker, an electrical, control and instrumentation construction company that did work throughout Africa; building process plants from Mauritania to Cape Town. Wade Walker did the complete design and build of the electrical systems for the Gautrain Project.

Over the years I have served on many boards as an executive and non-executive; served as a trustee of a private equity fund and currently serve as a trustee of an education foundation and thus have many years experience in both driving and serving in various roles. I am a qualified Fgasa guide with considerable guiding experience and certified for the Waterberg and surroundings, Pilanesberg, North West and surroundings and the Kruger National Park.
